

**INTRODUCTION
RUBIN PILLAY, MD**

Dr. Rubin Pillay is a high performance, versatile and commercially astute healthcare executive offering a twenty eight year career of impressive successes in healthcare as a clinician, academic, leader and innovator/entrepreneur. A medical futurist and Professor of Healthcare Innovation, he is currently the Assistant Dean for Global Health Innovation at the School of Medicine, and the Chief Innovation Officer of the Health System at the University of Alabama in Birmingham.

Dr. Pillay is a Family Physician and Clinical Pharmacologist who holds a PhD in Business Administration, an MBA and an MSc in Health Management. He has substantial international teaching and consulting experience and a global reputation as a healthcare innovation and innovation management specialist. Dr. Pillay is the first President of the International Society of Healthcare Entrepreneurship Education and Research (ISHEER), a Harvard Advanced Leadership Fellow in Health Innovation and Editor in Chief of the Journal of Innovation and Entrepreneurship in Health.

Please help me welcome, Dr. Rubin Pillay!
